

EARTHQUAKE in HAITI

A massive, 7.0 magnitude, earthquake struck near the capital of Port-au-Prince, Haiti on Tuesday, January 12th, damaging not only buildings and roads, but the foundation of the Western Hemisphere's poorest nation.

Please support the **MARYLAND KIDS CARE CAMPAIGN ~ Operation Haiti: Collecting Pennies (and More)** and reach out to the children of Haiti because caring and learning go hand-in-hand.

Maryland Public Schools are now participating. Contact your school principal for further details.

Proceeds will benefit the 2010 Haiti Relief and Development Fund of the American Red Cross.
